

This is the **NEW HOUSE**  
that Jack built.

This is the **FAMILY** that moved to the new house

that Jack built.

This is the **PARENT** that left the family

that moved to the new house that Jack built.

This is the **CHILD** that received the hug  
from the parent

that left the family that moved to the new house that Jack built.

This is the **ADULT** that helped the child

that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **CHILD** that taught the adult

that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **PARENT** that feed the child

that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **CHILD** that needed the parent

that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **PARENT** that dressed the child

that needled the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **CHILD** that questioned the parent

that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **TEACHER** that taught  
the child

that questioned the parent that dressed the child that needed the parent  
that feed the child that taught the adult that helped the child that received  
the hug from the parent that left the family that moved to the new house  
that Jack built.

This is the **STUDENT** that questioned the teacher

that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **TEACHER** that helped  
the student

that questioned the teacher that taught the child that questioned the  
parent that dressed the child that needed the parent that feed the child  
that taught the adult that helped the child that received the hug from the  
parent that left the family that moved to the new house that Jack built.

This is the **STUDENT** that proved  
the talents to the teacher

that helped the student that questioned the teacher that taught the child  
that questioned the parent that dressed the child that needed the parent  
that feed the child that taught the adult that helped the child that received  
the bag from the parent; that left the family that moved to the new house  
that Jack built.

This is the **COMPUTER** that  
taught lessons to the student

that proved the talents to the teacher that helped the student that  
questioned the teacher that taught the child that questioned the parent  
that dressed the child that needed the parent that feed the child that  
taught the adult that helped the child that received the hug from the  
parent that left the family that moved to the new house that Jack built.

This is the **PERSON** that relied on  
the computer

that taught lessons to the student that proved the talents to the teacher  
that helped the student that questioned the teacher that taught the child  
that questioned the parent that dressed the child that needed the parent  
that feed the child that taught the adult that helped the child that received  
the hug from the parent that left the family that moved to the new house  
that Jack built.

This is the HEADACHE that  
pained the person

that relied on the computer that taught lessons to the student that proved  
the talents to the teacher that helped the student that questioned the  
teacher that taught the child that questioned the parent that dressed the  
child that needed the parent that feed the child that taught the adult that  
helped the child that received the hug from the parent that left the family  
that moved to the new house that Jack built.

This is the **FIELD OF ICE** that  
cured the headache

that pained the person that relied on the computer that taught lessons to  
the student that proved the talents to the teacher that helped the student  
that questioned the teacher that taught the child that questioned the  
parent that dressed the child that needed the parent that feed the child  
that taught the adult that helped the child that received the hug from the  
parent that left the family that moved to the new house that Jack built.

This is the **PERSON** that skated  
across the field of ice

that cured the headache that pained the person that relied on the  
computer that taught lessons to the student that proved the talents to the  
teacher that helped the student that questioned the teacher that taught  
the child that questioned the parent that dressed the child that needed  
the parent that feed the child that taught the adult that helped the child  
that received the hug from the parent that left the family that moved to  
the new house that jack built.

This is the **PAINTING** that pleased  
the person

that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **PERSON** that analyzed the color in the painting

that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **FLOWER BED** that  
rested the person

that analyzed the color in the painting that pleased the person that skated  
across the field of ice that cured the headache that pained the person that  
relied on the computer that taught lessons to the student that proved the  
talents to the teacher that helped the student that questioned the teacher  
that taught the child that questioned the parent that dressed the child that  
needed the parent that feed the child that taught the adult that helped  
the child that received the hug from the parent that left the family that  
moved to the new house that Jack built.

This is the **TREE** that shaded the flower bed

that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **BIRD** that landed on the tree

that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that jack built.

This is the CAT that ate the bird

that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that jack built.

This is the **CAR** that drove over the cat

that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **TREE** that shaded the car

that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **WIND** that shook the tree

that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **PIECE OF PAPER**  
that flew in the wind

that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that jack built.

This is the **PENCIL** that marked the piece of paper

that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **STUDENT** that sharpened  
the pencil

that marked the piece of paper that flew in the wind that shook the tree  
that shaded the car that drove over the cat that ate the bird that landed on  
the tree that shaded the flower bed that rested the person that analyzed  
the color in the painting that pleased the person that skated across the  
field of ice that cured the headache that pained the person that relied on  
the computer that taught lessons to the student that proved the talents to  
the teacher that helped the student that questioned the teacher that  
taught the child that questioned the parent that dressed the child that  
needed the parent that feed the child that taught the adult that helped  
the child that received the hug from the parent that left the family that  
moved to the new house that jack built.

This is the **TEACHER** that  
questioned the student

that sharpened the pencil that marked the piece of paper that flew in the  
wind that shook the tree that shaded the car that drove over the cat that  
ate the bird that landed on the tree that shaded the flower bed that rested  
the person that analyzed the color in the painting that pleased the person  
that skated across the field of ice that cured the headache that pained the  
person that relied on the computer that taught lessons to the student that  
proved the talents to the teacher that helped the student that questioned  
the teacher that taught the child that questioned the parent that dressed  
the child that needed the parent that feed the child that taught the adult  
that helped the child that received the hug from the parent that left the  
family that moved to the new house that jack built.

This is thePUPIL that bugged the teacher

that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needled the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **TEACHER** that struck the pupil

that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **STUDENT** that surprised  
the teacher

that struck the pupil that bugged the teacher that questioned the student  
that sharpened the pencil that marked the piece of paper that flew in the  
wind that shook the tree that shaded the car that drove over the cat that  
ate the bird that landed on the tree that shaded the flower bed that rested  
the person that analyzed the color in the painting that pleased the person  
that skated across the field of ice that cured the headache that pained the  
person that relied on the computer that taught lessons to the student that  
proved the talents to the teacher that helped the student that questioned  
the teacher that taught the child that questioned the parent that dressed  
the child that needed the parent that feed the child that taught the adult  
that helped the child that received the hug from the parent that left the  
family that moved to the new house that jack built.

This is the **TEACHER** that passed  
the student

that surprised the teacher that struck the pupil that bugged the teacher  
that questioned the student that sharpened the pencil that marked the  
piece of paper that flew in the wind that shook the tree that shaded the  
cat that drove over the cat that ate the bird that landed on the tree that  
shaded the flower bed that rested the person that analyzed the color in the  
painting that pleased the person that skated across the field of ice that  
cured the headache that pained the person that relied on the computer  
that taught lessons to the student that proved the talents to the teacher  
that helped the student that questioned the teacher that taught the child  
that questioned the parent that dressed the child that needed the parent  
that feed the child that taught the adult that helped the child that received  
the hug from the parent that left the family that moved to the new house  
that Jack built.

This is the **STUDENT** that doubted  
the teacher

that passed the student that surprised the teacher that struck the pupil  
that bugged the teacher that questioned the student that sharpened the  
pencil that marked the piece of paper that flew in the wind that shook the  
tree that shaded the car that drove over the cat that ate the bird that  
landed on the tree that shaded the flower bed that rested the person that  
analyzed the color in the painting that pleased the person that skated  
across the field of ice that cured the headache that pained the person that  
relied on the computer that taught lessons to the student that proved the  
talents to the teacher that helped the student that questioned the teacher  
that taught the child that questioned the parent that dressed the child that  
needed the parent that feed the child that taught the adult that helped  
the child that received the hug from the parent that left the family that  
moved to the new house that Jack built.

This is the **TEACHER** that helped to  
teach the student

that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **STUDENT** that fooled the teacher

that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **TEACHER** that listened  
to the student

that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **STUDENT** that listened  
the teacher

that listened to the student that fooled the teacher that helped to teach  
the student that doubted the teacher that passed the student that  
surprised the teacher that struck the pupil that bugged the teacher that  
questioned the student that sharpened the pencil that marked the piece of  
paper that flew in the wind that shook the tree that shaded the car that  
drove over the cat that ate the bird that landed on the tree that shaded the  
flower bed that rested the person that analyzed the color in the painting  
that pleased the person that skated across the field of ice that cured the  
headache that pained the person that relied on the computer that taught  
lessons to the student that proved the talents to the teacher that helped  
the student that questioned the teacher that taught the child that  
questioned the parent that dressed the child that needed the parent that  
feed the child that taught the adult that helped the child that received the  
hug from the parent that left the family that moved to the new house that  
Jack built.

This is the **TEST** that placed the student

that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that hugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **HUNGRY**  
**PERSON** that analyzed the results of  
the test

that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the**FOOD** that pleased the hungry person

that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **ANIMAL** that hunted for the food

that pleased the hungry person that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that jack built.

This is the PERSON that ate the animal

that hunted for the food that pleased the hungry person that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **CAR** that killed the person

that ate the animal that hunted for the food that pleased the hungry person that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the PERSON that pushed the car

that killed the person that ate the animal that hunted for the food that pleased the hungry person that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **FIRE** that hurt the person

that pushed the car that killed the person that ate the animal that hunted for the food that pleased the hungry person that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **WATER** that stopped the fire

that hurt the person that pushed the car that killed the person that ate the animal that hunted for the food that pleased the hungry person that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.

This is the **TIGER** that drank the water

that stopped the fire that hurt the person that pushed the car that killed the person that ate the animal that hunted for the food that pleased the hungry person that analyzed the results of the test that placed the student that listened the teacher that listened to the student that fooled the teacher that helped to teach the student that doubted the teacher that passed the student that surprised the teacher that struck the pupil that bugged the teacher that questioned the student that sharpened the pencil that marked the piece of paper that flew in the wind that shook the tree that shaded the car that drove over the cat that ate the bird that landed on the tree that shaded the flower bed that rested the person that analyzed the color in the painting that pleased the person that skated across the field of ice that cured the headache that pained the person that relied on the computer that taught lessons to the student that proved the talents to the teacher that helped the student that questioned the teacher that taught the child that questioned the parent that dressed the child that needed the parent that feed the child that taught the adult that helped the child that received the hug from the parent that left the family that moved to the new house that Jack built.
